Lol, no thanks necessary gentlemen, just doing my part to better /t/

Was VERY surprised that I found a bulk torrent of Legends Of The Hidden Temple and kind of ashamed that I couldn't find one of Guts (especially with how damn popular it was).

There were a lot of shows that I avoided posting (like Clarissa) simply due to the fact that their uploaders decided for some reason to not do them in bulk (which I honestly prefer because it cuts down on text space)

The only torrents of Kablam that I was able to find are simply random episodes and me being me, I kind of prefer torrents that have completed seasons/series
